

OUR INDIVIDUAL APPROACH

VISION

To nurture the inquisitive minds of young children, create lasting confidence and inspire joy in learning.

MISSION

We build academic, social, emotional and physical confidence through our comprehensive curriculum based on the creative arts; encouraging a thirst for knowledge, a desire to achieve and a foundation for success.

SMALL STUDENT-TO-ADULT RATIO

Our small student-to-adult ratios allow teachers to adjust activities for students as needed for individual learning styles and abilities.

CLASS ROTATIONS

Our daily rotation includes Art, Creative Movement and Music classes taught by specialists. Our homeroom early childhood education experts teach reading, writing, math, science and social studies.

Parents are saying about

UDA CREATIVE ARTS
PRESCHOOL

SHERENE
WINKEL
Director

“ Nurtures Knowledge

“In researching preschools for our 3-year-old son, we looked high and low for a school that was less about worksheets and memorization, and focused more on active learning. We have been so impressed with the variety of activities and opportunities for learning at UDA Preschool. The lessons taught through play, teach social and reasoning skills that motivate our child and make learning fun. In the first half of his 3-year-old preschool year, his letter recognition and comprehension have increased dramatically. It is wonderful to see him so excited about reading and writing!” - *Kathryn Dahlin*

“ Creates Confidence

My daughter is almost done with her 2nd year of preschool at UDA. We toured 10+ preschools and chose UDA, which is by far the best choice. The staff is very talented, very organized and caring, exactly who we want to teach and care for our little angel. When we pull up, she can't wait to get out of the car and rush in, literally! She is constantly singing new songs, coming home with artwork, craft projects, and showing us new dances. She's grown so much as a person, more confident and outgoing. Thank you UDA for being such an amazing resource at such a critical time in her development. - *Robert Degroff*

“ Inspires Joy

“In addition to learning to read, my son is learning math, science, art, music, and all about the world we live in. The curriculum is developmentally appropriate, fun and challenging. The facility is clean and organized, and the teachers are competent and caring. I feel so thankful to have my son learning from the best teachers and will be forever grateful for their positive influence on our son. He is more than ready for Kindergarten. Thank you UDA Creative Arts Preschool! - *Norma Gunderson*

ENGAGE IN EXCELLENCE

Our multi-sensory curriculum engages children and teaches them that learning is imaginative and fun.

AREAS OF FOCUS

CREATIVE ARTS PRESCHOOL

CREATIVE MOVEMENT

Develops coordination, large motor skills, rhythm, emotion and freedom of expression.

MUSIC

Builds listening skills, patterning, rhythm, interpretation of sound, discipline and concentration.

VISUAL ARTS

Refines visual perception, fine motor skills, increases creativity and imagination.

SOCIAL STUDIES

Our thematic social studies program makes each week a unique and exciting adventure!

SCIENCE

Scientific exploration creates inquisitive minds and encourages children to continue to ask “Why?” and “How?”

MATH

Logic, sequencing, patterning and counting build a foundation of analytical thinking and expand potential for learning.

READING/WRITING

When letters, words and books come to life, it creates a love of reading and a thirst for knowledge.

*Our program follows standards published by the National Association for the Education of Young Children (NAEYC), Utah State Office of Education and local school districts.
