

Green Phase Classes will operate on a “New Normal” basis.

Increased cleaning and sanitizing regimen- High touch areas and all surfaces will be cleaned and sanitized in between use.

Increased hygiene regimen Children and teachers will regularly wash and sanitize hands. Children will be taught to implement thorough hygiene practices such as keeping hands away from their face etc.

Increased Personal Space Children will be spaced further apart rather than sitting in close personal proximity at rug time, art and table time.

Symptom monitoring- Teachers temperature will be taken upon arrival. Students’ temperatures will be taken in carpool. If a temperature is over 100 degrees that person will not enter the preschool. If a student or teacher develops a fever or symptoms while at preschool they will be removed from the classroom and return home.

Face Masks- Teachers will wear face masks when in close proximity to children and face shields when the children need to see their faces to learn. The shield offers a protective barrier but allows the children to see their teachers face. Face masks for children under 2 are not recommended by the CDC. Children over 2 are encouraged but not required to wear facemasks.

Virtual Packet and Zoom option for those not comfortable returning to the classroom- Our take home packets are comprehensive and include live Zoom rugtime, music and creative movement as well as science, art and reading videos with all of the materials and supplies needed to go along with our easy to follow at home lesson plans.

Yellow Phase Classes will operate on a “Low Risk” basis.

Above precautions plus:

Possible 50% class size reduction- During a yellow phase UDA Preschool will be following current guidelines from the CDC and local government leaders. If they are suggesting class size reduction we will do so by accommodating 50% of the students in a class at a time.

Face Coverings- Teachers will wear face masks or shields. We will follow current local government recommendations. Face coverings are not currently mandatory in a preschool or daycare setting like it is in K-12.

Virtual Packet and Zoom option for those not comfortable returning to the classroom (See above description.)

Orange Phase/Red Phase

Classes will not be held in person. Packets including supplies, at home lesson plans, instructional videos, and Zoom classes will be the means by which we complete our curriculum objectives.
